Install the Fixture

1A

JUNCTION BOX

GASKET

#8-32 SCREW

MOUNTING CLIP

FIXTURE

1 Place the mounting plate slots over the screws. Rotate and hold the mounting plate while tightening the screws.
Note: Do not over tighten screws as it may bend the mounting plate and cause the fixture to not sit flush.

2 **For Wet Locations,** install the foam gasket onto the back of the fixture.

3 Connect the fixture to a suitable ground in accordance to local electrical codes.

4 Connect the white fixture wire to the neutral power line wire with a wire nut.

5 Connect the black fixture wire to the hot power line wire with a wire nut.

6 Align the mounting clips on the fixture to the hinges on the mounting plate, then push the fixture flush against the ceiling.
