MODERN COLLECTION

Visual Comfort & Co.

TRELLIS

DESIGNED BY SEAN LAVIN

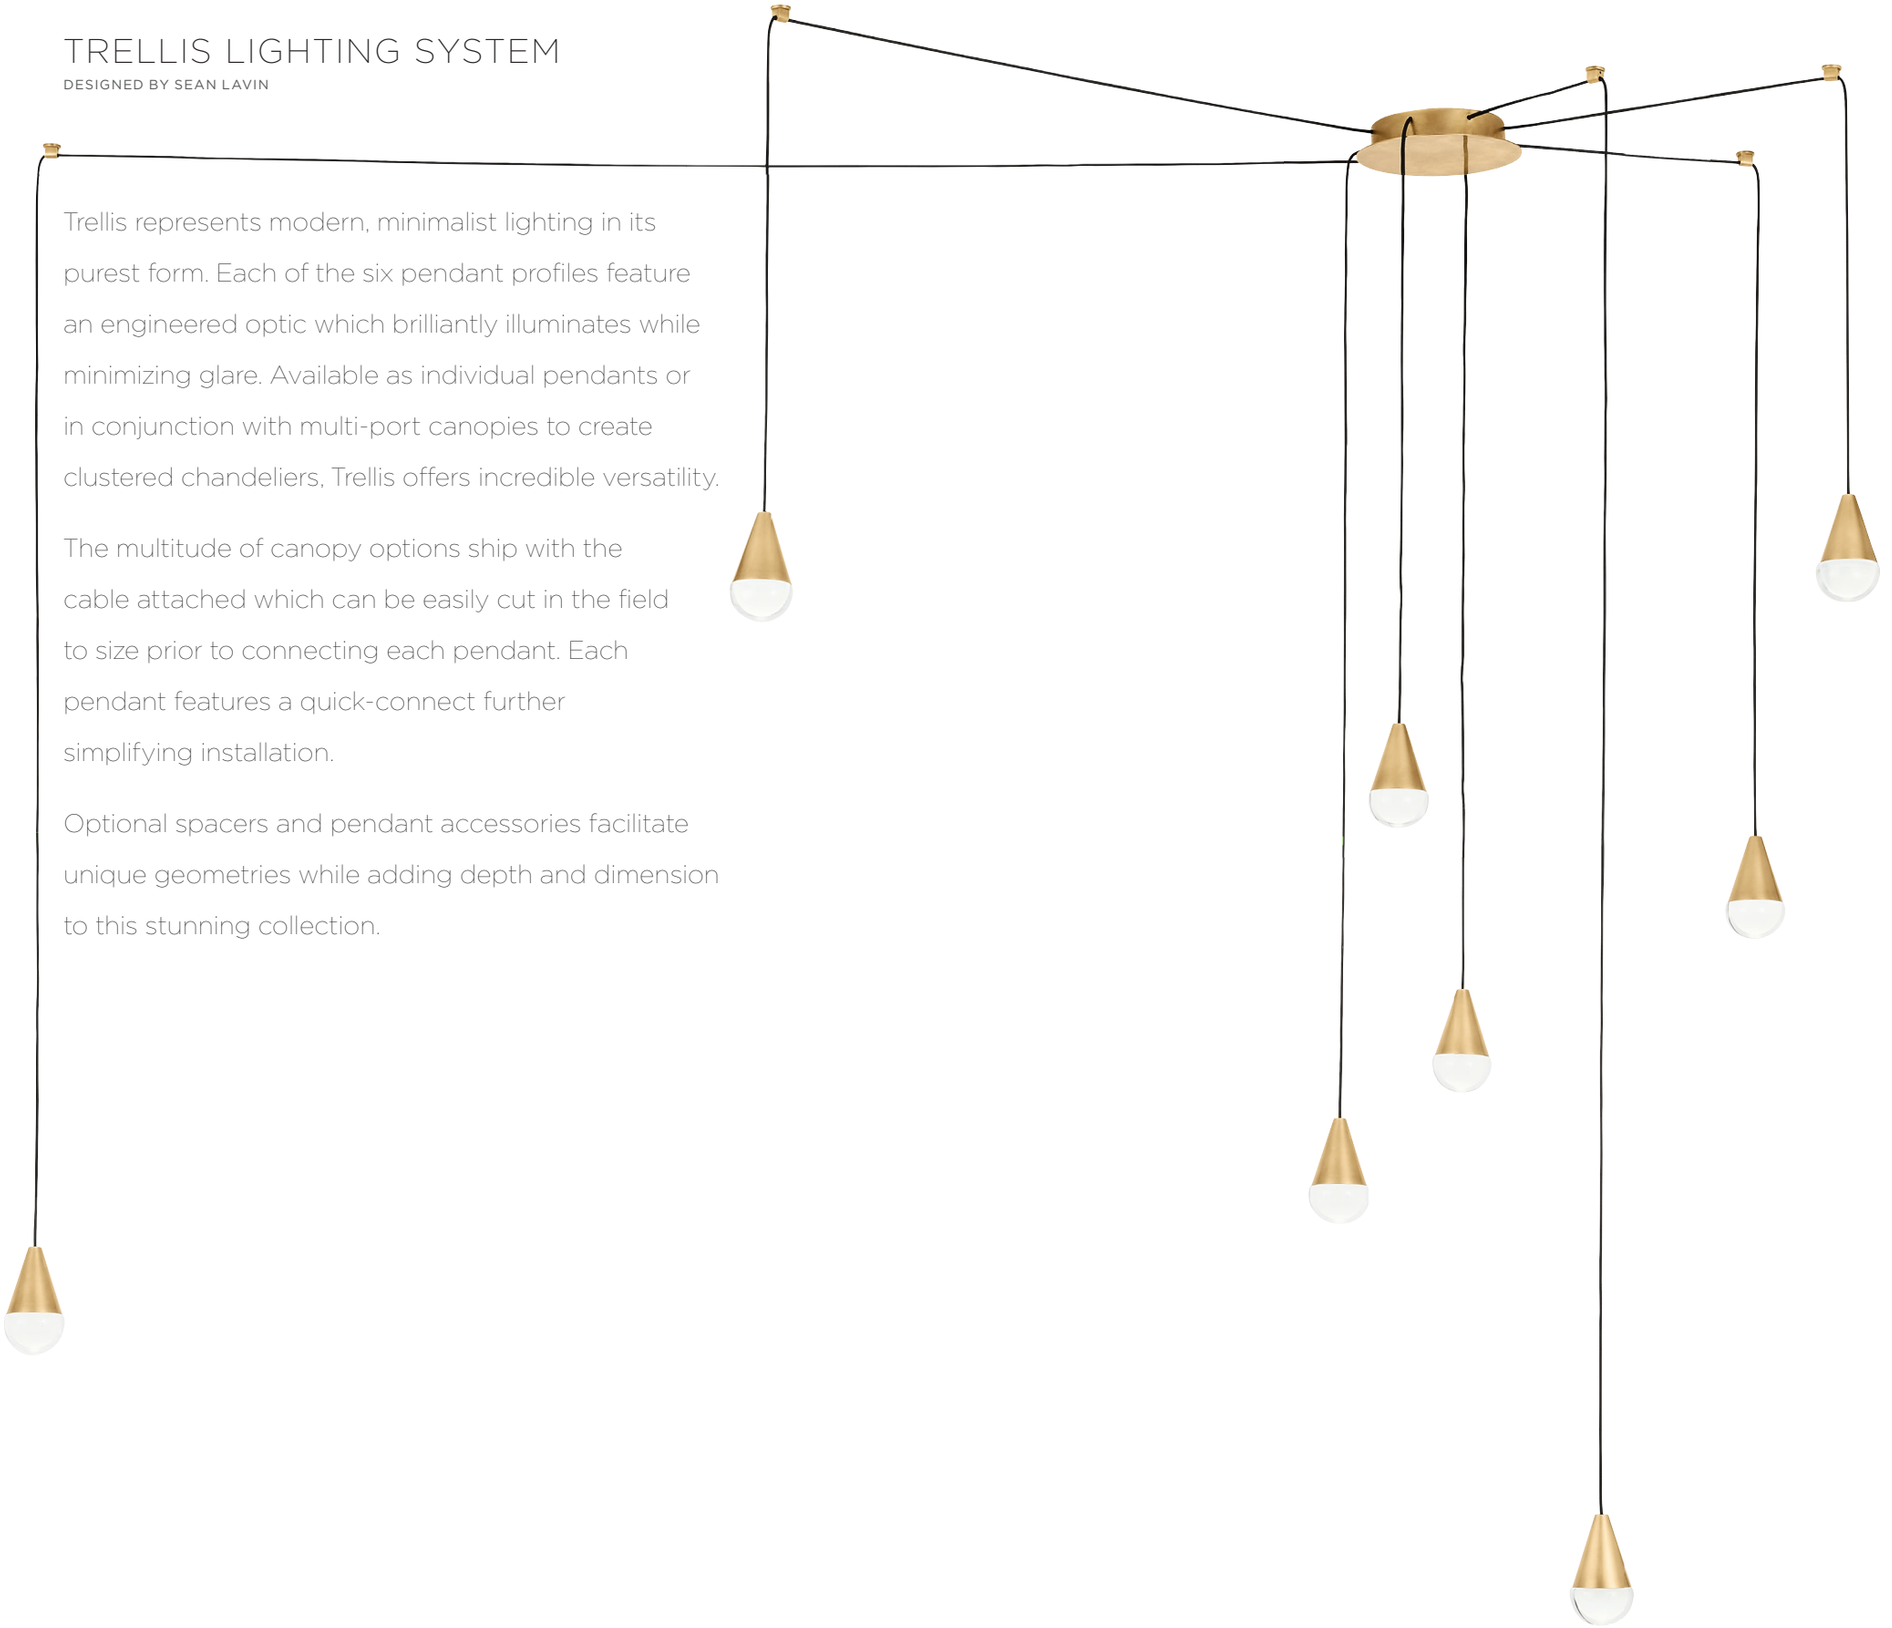

TRELLIS LIGHTING SYSTEM

DESIGNED BY SEAN LAVIN

Trellis represents modern, minimalist lighting in its purest form. Each of the six pendant profiles feature an engineered optic which brilliantly illuminates while minimizing glare. Available as individual pendants or in conjunction with multi-port canopies to create clustered chandeliers, Trellis offers incredible versatility.

The multitude of canopy options ship with the cable attached which can be easily cut in the field to size prior to connecting each pendant. Each pendant features a quick-connect further simplifying installation.

Optional spacers and pendant accessories facilitate unique geometries while adding depth and dimension to this stunning collection.

TRELLIS LIGHTING SYSTEM

DESIGNED BY SEAN LAVIN

QUALITY, CONNECTIVITY, CUSTOMIZATION

Available in Natural Brass or Nightshade Black.

Swag hooks create additional scale or can be used if power isn't centered directly over a desired location.

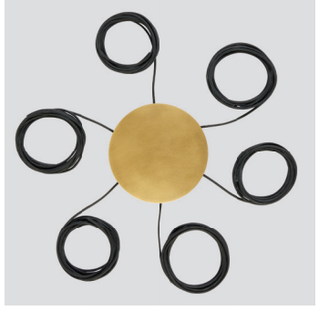

Power Bridges allows the cable to be split dropping one pendant 'down' while allowing the cable to continue to add an additional pendants.

Engineered optics brilliantly illuminate while minimizing glare.

Optional spacers can be utilized individually or in multiples to facilitate unique geometries while adding depth and dimension.

Canopies ship with cable attached which can be easily cut in the field prior to connecting each pendant.

Pendants feature quick-connects simplifying installation.

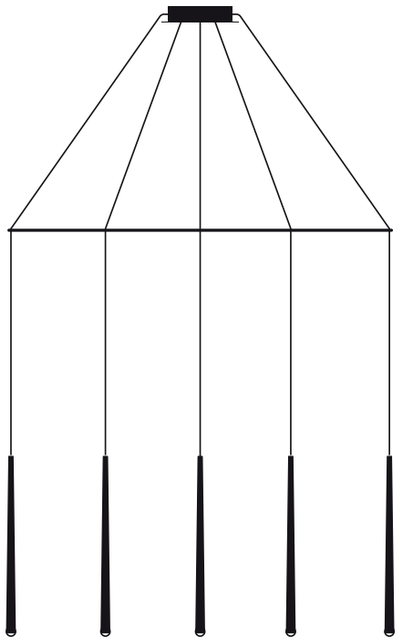

LED modules can easily be replaced in the field if required.

TRELLIS LIGHTING SYSTEM
